

# HEALTH ADVISORY

## Cyanobacteria (Blue-Green Algae)

**Cyanobacterial (blue-green algal) blooms and/or toxins have been identified in this lake water**

Protect yourself and your pets:

- Do not swim or wade in areas where blooms are visible.
- Avoid contact with blooms in the water and on shore. Wash with clean water if contact occurs.
- Do not drink or cook with water from this lake.
- Do not eat whole fish and trimmings as fish may store toxins in their liver. Fish fillets contain less toxins and are safer to eat.
- If you become sick after having contact with lake water, call Health Link at 811.
